Comments on Data:

\* The reports shown on this website contain numbers for Indiana residents who are served by the Hoosier Assurance Plan (HAP) and do not contain numbers for all Indiana residents who may receive mental health or addiction services. The HAP is the main method by which the Indiana Division of Mental Health and Addiction can fund community mental health services. As established by the Indiana Legislature, the HAP is designed to support and manage the delivery of behavioral healthcare services to individuals who are in a low income population and who have clearly identified mental health needs.

\* The reports span an entire fiscal year (7/1/XXXX - 6/30/XXXX).

\* Persons with a diagnosis of only substance abuse or mental retardation are not included in these reports. Therefore, persons with a co-occurring diagnosis of mental illness and substance abuse mental retardation are included.

\* "Employed" includes anyone who is competitively employed either parttime or fulltime.

\* The latest status for employment is reported (i.e. : the latest assessment).

\* This report currently contains data from the Community Services Data System (CSDS) Only.
